

Women in Science, Geology, Oil & Gas!

Celebrate Your History

Anomalies: Pioneering Women in Petroleum Geology 1917 - 2017

is a celebration of individual courage, tenacity, and professionalism as well as a timely reminder of our past, when male-dominated professions excluded women. The social structure outside this profession amplified the struggle for equality: the inability to vote, the dictate that women should not work outside the home when married, the pervasive practice of lower pay for equal work, the paucity of advancement opportunities, and the lack of recognition in companies and associations.

**6:30 p.m. Wednesday
14 June 2017**

Golden City Hall, 911 Tenth St.

**Refreshments, networking,
presentation, and Q & A.**
