Officers, 1883 and 1884 . . . . .	II
List of Members . . . . .	III—V
Constitution and By-Laws . . . . .	VI—X
Abstract of Minutes . . . . .	XI—XXVIII
Addresses, Communications, and Discussions . . . . .	3—133
List of specially noteworthy Minerals of Colorado	134—144

## A.

Address of President for 1883, *S. F. Emmons* 3  
 Address of retiring President for 1883, *S. F. Emmons* 57  
 Alisonite (artificial) 108  
 Alloy of gold, silver and lead 19  
 Apparatus, New, for the estimation of copper, *A. H. Low* 68  
 Arsenic, On the estimation of, *R. Pearce* 14  
 Artesian wells of Denver, *S. F. Emmons* 46; report by Special Committee 76

## B.

Banka, Tin smelting on the Island of, *P. H. van Diest* 39  
 Bindheimite 119  
 Bismite 112  
 Bismutite 112  
 Bismuth, Native 112  
 Bismuth minerals 52, 53, 73, 112  
 Brochantite 108, 119  
 Building stones of Colorado, Report on the, 109

## C.

Capital, On the estimation of the, requisite for investment in mining properties, *P. H. van Diest* 61  
 Chauvenet, Regis., Report on the artesian wells of Denver 76  
 Chenevixite 75, 115  
 Chisolm, F. F., Report on the artesian wells of Denver 76; mica mines of Black Hills 111; Viola mine, Idaho 132  
 Conicalcite 75, 112

Copper, Technical estimation of, *A. H. Low* 17; new apparatus for the estimation of, *A. H. Low* 68

Cosalite 52, 111

Cross, Whitman, Gold sand from Idaho, 36, 38; cryolite minerals 67; red sunsets 75; report on the artesian wells of Denver 76; a list of specially noteworthy minerals of Colorado 134

## D.

van Diest, P. H., Formation of hills by mineral springs on the Island of Java 12; geology of Sumatra, etc. 38; tin smelting on the Island of Banka 39; eruption of Krakatoa 46. 110; on the estimation of the capital requisite for investment in mining properties 61; the proposed inland sea of Africa 75; report on the artesian wells of Denver 76; report on Colorado building stones 109; ore deposits of the Old Man mine 110

Duryea experimental furnace 111

## E.

Emmons, S. F., Presidents address 3; retiring address 57; remarks on artesian wells of Denver 46

## F.

Foster, E. LeNeve, Notes on a sulphobismuthite 73

## G.

Geology of Sumatra, etc. *P. H. van Diest* 38

INDEX.

- Glaciers, Extinct, of the San Juan Mountains, Colorado, *R. C. Hills* 39  
 Gold, Crystallized 67  
 Guiterman, F., Remarks on occurrence of zunyite and zinckenite 132  
 Guitermanite, On zunyite and, two new minerals from Colorado, *W. F. Hillebrand* 124
- H.**
- Hart, Rev. H. M., Remarks on a visit to Iceland 68  
 Hillebrand, W. F., Peculiar formation of ice 13; on an interesting variety of löllingite and other minerals 37, 46; mineralogical notes 112; on zunyite and guitermanite, two new minerals from Colorado 124  
 Hills, Formation of, by mineral springs on the Island of Java, *P. H. van Diest* 12  
 Hills, R. C., Ore deposits of Summit District, Rio Grande county, Colorado 20; extinct glaciers of the San Juan Mountains, Colorado 39  
 Hubnerite 55
- I.**
- Ice, A peculiar formation of, 13  
 Iceland, Remarks on a visit to, *H. M. Hart* 68  
 Iron, Meteoric, from New Mexico 110
- J.**
- Jarosite 75, 117
- K.**
- Krakatoa, Eruption of, *P. H. van Diest* 46, 110
- L.**
- Lakes, A., Remarks 39  
 Lead, Native, 56  
 Löllingite, On an interesting variety of, etc., *W. F. Hillebrand* 37, 46  
 Low, A. H., Technical estimation of copper 17; new apparatus for the estimation of copper 68
- M.**
- Melonite 123  
 Mica mines of the Black Hills 111  
 Mineralogical notes, *W. F. Hillebrand* 112
- Minerals  
 Alisonite (artificial) 108  
 Bindheimite 119  
 Bismite 112  
 Bismutite 112  
 Bismuth, Native 112  
 Brochantite 108, 119  
 Chenevixite 75, 115  
 Conichalcite 75, 114  
 Cosalite 52, 111  
 Gold, Crystallized, 67  
 Guitermanite 129  
 Hübnerite 55  
 Iron, Meteoric, 110  
 Jarosite 75, 117  
 Lead, Native, 56  
 Löllingite 46  
 Melonite 123  
 Olivenite 75, 113  
 Pseudomalachite 75  
 Pseudomorph, A chromiferous, 120  
 Stromeyerite 112  
 Sulphobismuthite, Notes on a, 73  
     "                    , A new, 53  
 Turgite 75  
 Wurtzite 20  
 Zinckenite 119  
 Zircon 38  
 Zunyite 124  
 Minerals, A list of specially noteworthy, of Colorado, *Whitman Cross* 134  
 Mineral Springs, Formation of hills by, on the Island of Java, *P. H. van Diest* 121  
 Mining properties, On the estimation of the capital requisite for investment in, *P. H. van Diest* 61
- N.**
- New apparatus for the estimation of copper, *A. H. Low* 68  
 Notes on a sulphobismuthite, *E. LeNeve Foster* 73  
 Notes, Mineralogical, *W. F. Hillebrand* 112
- O.**
- Olivenite 75, 113  
 Ore deposits of Summit District, Colo., *R. C. Hills* 20  
 Ore deposits of the Old Man mine, Grant county, New Mexico, *P. H. van Diest* 110  
 Ores, Remarks on Leadville, *W. S. Ward* 67

INDEX.

**P.**

Pearce, Richard, On the estimation of arsenic 14; tin veins of Cornwall 13, 39; peculiar alloy 19; wurtzite 20; crystallized gold from Summit county, Colo. 67; minerals from Utah and Montana 75; cosalite 111; brochantite and alisonite 108; bismite and bismutite 112; vein of pyrite in California 133  
 Pseudomalachite 75, 119  
 Pseudomorph, A chromiferous, 120

**R.**

Report on the artesian wells of Denver 76

**S.**

Sackett, S. G., Remarks on the Duryea experimental furnace 111  
 Sand, Gold, from Snake River, Idaho 20, 36, 38  
 Schwartz, T. E., Remarks on occurrence of ore in some mines near Silverton, Colo. 132

Stromeyerite 112  
 Sulphobismuthite, Notes on a, *E. LeNeve Foster* 73  
 Sulphobismuthite, A new, 53  
 Sumatra, Geology of, etc., *P. H. van Diest* 38  
 Summit District, Colo., Ore deposits of, *R. C. Hills* 20

**T.**

Tin smelting on the Island of Banka, *P. H. van Diest* 39  
 Turgite 75

**W.**

Ward, W. S., Remarks on Leadville ores 67  
 Wells, Artesian, of Denver 46, 76  
 Wurtzite 20

**Z.**

Zinkenite 121  
 Zircon 38  
 Zunyite, On, and Guitermanite, two new minerals from Colorado, *W F Hillebrand* 124
